An amusing spectacle of enterprise and home patronage is exhibited by a mer. Territory of Arizona, arrived in Yuma on chant of Yuma, who is probably the largest property owner in the county. His business is not advertised in his home paper; but in a newspaper published at the opposite end of the Territory, 300 miles distant, appears his business card. As at least 20 copies of that paper find their way into this neighborhood, he displace a degree of business sagarity that should entitle him to the sweet ments.

Poston was arrested and gave bond to keep the peace.-Citizen.

"It is stated that Pat. Hamilton will shortly assume editorial management of the Epitaph, Mr. Purday cevoting his time to the business management of the concern. Mr. Hamilton's Democracy is the simonpure article, and be possesses ability as a writer which would do honor to the columns of any journal.-Nug-

From the above it would seem as if the SENTINEL did not do a very unwise thing in a-king how the Epitaph team was to be hitched up, and to which they made such a gentlemanly (?) eply.

The Dangers of the Stock Market. A man may be incredutous enough to risk his money in the fickle mysteries of a mercurial stock market, but when he gets the Itching P.les, he goes straight for Dr. Swayne's Ointment.
